Reading sheet one

I am not at school today. It is the weekend, so I am playing with my dog. My dog is called Biff. I have had him since I was a baby. He is my best friend. We have lots of fun together. We like to play with a ball. I kick the ball and Biff goes and fetches it. Biff brings the ball to me and drops it at my feet. Then I can kick it again.

Biff and I like to swim together too. We go down to the river and jump in. Then we swim to the side.

Biff likes to shake water all over me. When he wants to jump in again, he races around and barks.

Biff and I have great fun together.
