

Level seven

Reading sheet 1

Mum and Dad bought me my own horse when Adil went to high school. I had been riding for a long time but always on someone else's horse.

My horse is called Tom. I have had my horse for two months. I have been riding him at home and at pony club.

I go to pony club too with my friend Sally. We go one Sunday a month. She rides her horse and I ride Tom.

Peter goes to pony club too. He rides his horse called Tiger. It is fun at pony club. We have lessons on how to jump and how to ride correctly. 

Sometimes we go to other pony clubs too. We take the horses in a horse float. 

When we go to pony club, we have to take hay for our horses to eat and water for them to drink.

At pony club we do lots of fun things. We have a teacher who helps us learn to jump and another teacher helps us to learn to walk, trot and canter.

We play games on our ponies too.

I love going to pony club. Lots of my friends from school go and we have fun riding together.

Level seven
